

Highly Active Shaving Oil

1408E-HASO

Only a few drops of this premium oil are needed to obtain a feeling of comfort during and after shaving. This oil is very practical, you can easily draw the outline of your beard thanks to an extreme slip effect.

The formula is loaded with active plant derivatives that completely remove irritation, tightness and redness from shaving. No need to use an after shave; your skin will be soft, smooth and hydrated during all day.
